Business Advisory Services

Company's Profile / Products / Services

BLR Management Sdn Bhd is an associate appointed by AceScube (M) Sdn Bhd for East Malaysia region.

AceScube (M) Sdn Bhd was incorporated since 2008 by a group of retired senior financial professionals who have held top positions in established financial institutions.

Positioned to focus uniquely on the distinct benefits of **Base Lending Rate (BLR) management**, AceScube is here to assist you in making out of the most from your housing/mortgage loans.

In the recent switch to Variable Interest Rate from Fixed Interest Rate offered by financial institutions, borrowers are now exposed to market rate fluctuations. Most borrowers still has the perception that the initial loan tenure committed is fixed regardless of BLR changes. Little do they realize that without a corresponding increase in their monthly installment, their loan tenure increases significantly.

With AceScube's professional consultancy and services, you can now take respite and enjoy a better life while we attend to what matters to you **your interests**.
